

## Ramona High School Rain Plan (Color Guard & Drumline Shows)

We will decide if we are on rain plan at 8:30am to see how conditions are and if we must go on rain plan.

Color Guards will enter the gym from the door originally labeled performer re-entry. There is over hang coverage for a couple groups to pre-stage, please share the space.

We will use a vertical timing line exiting to the regularly planned performer exit door.

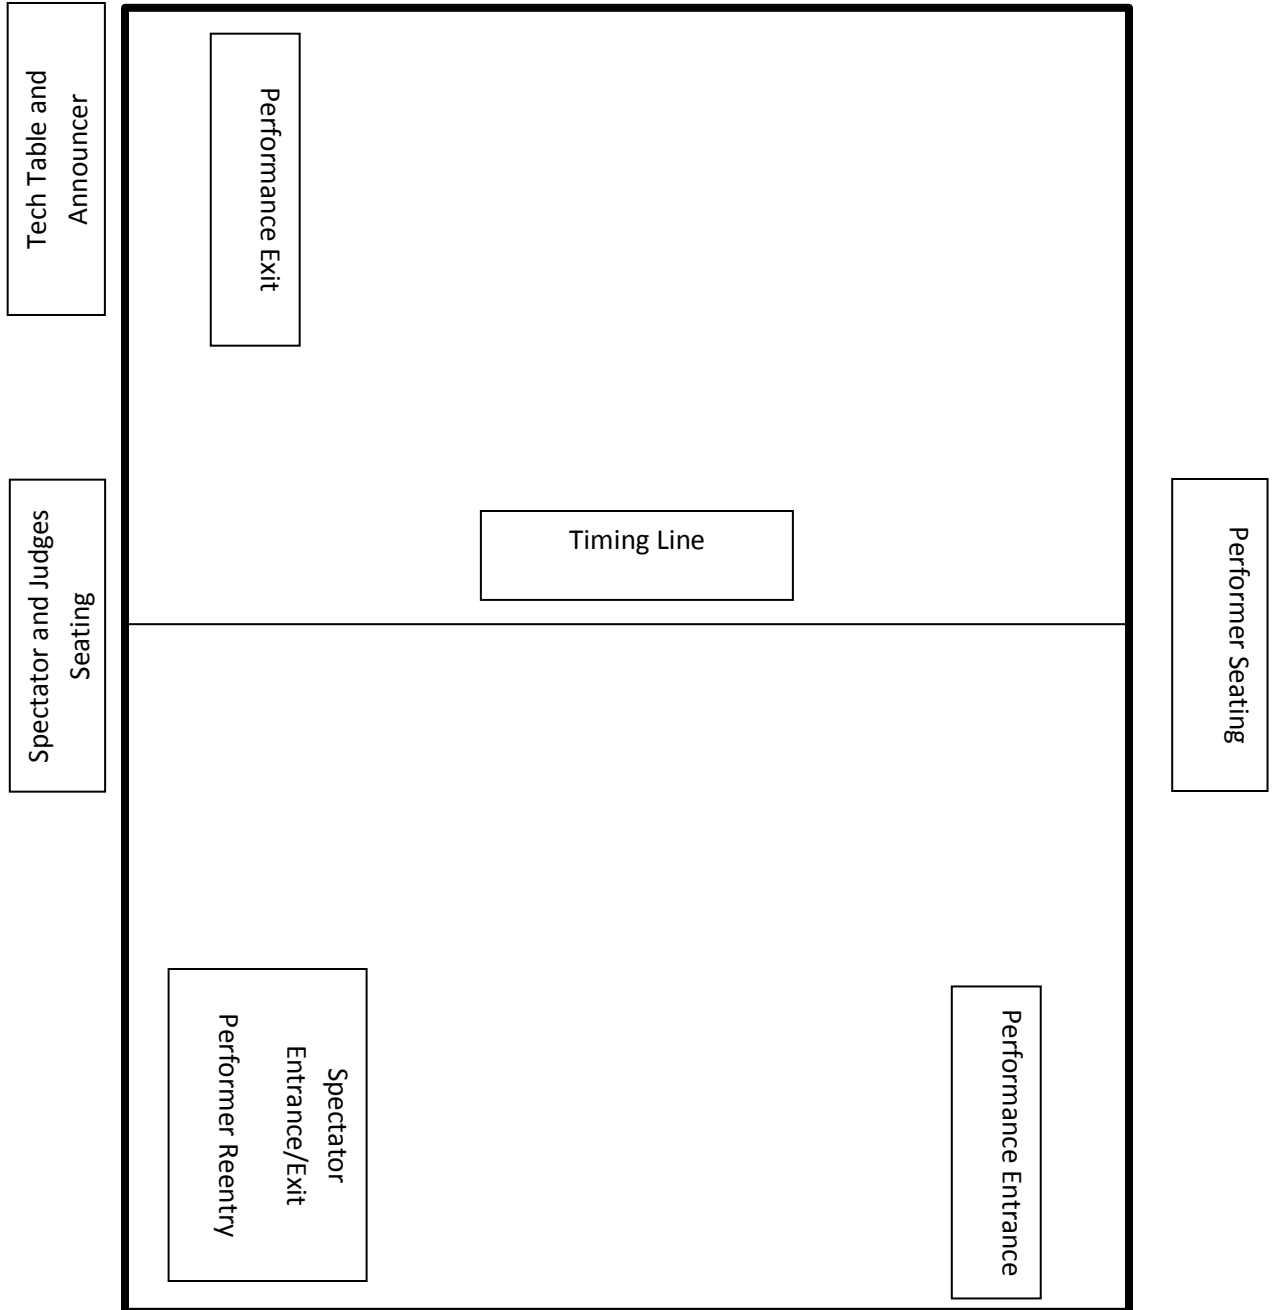

At the conclusion of your show we will fold floors towards the side labeled performer exit and leave inside the gym along wall or side of home and away bleachers. Be prepared with students to come in and fold your floor during the break time. Time is of the essence so we stay on schedule so if your students could help in this process it would be greatly appreciated.

We will have EZ ups on the exit side of the gym to help you store some equipment after your performance so you can cover equipment before heading to your trucks, again please share the space.

Thank you for your flexibility and cooperation.

# RAIN PLAN MAP

Please consult with Check in or Tech Table to see if we are on Rain plan or not.
