*****RAIN PLAN*****

Rain is expected this Saturday and we have a plan in place for all of the Color Guard units.

Floor/Prop Storage: Will be located in the small gym, which is adjacent to the performance gym and accessible via the indoor hallway on the map. This is a QUIET ZONE!

Warm Up Rooms: The MPR will be used as body warmup and the Small Gym will be used as equipment warmup, and each guard will have scheduled time. Each room will be divided into areas "A" and "B". Please note the height of the ceiling in the mpr, and do not toss anything higher than a single on flag and a triple on rifle. There will be NO MUSIC PERMITTED in the small gym for equipment warmup.

Guard Entrance: Will be from the small gym. This is a QUIET ZONE, as the performance gym is adjacent and shares a wall and a roll up door.

Guard Exit: Will be as it is on the map. Upon exiting the gym, guards will exit to their left and are able to store their equipment back in the small gym.

Floor Folding: Upon the conclusion of each performance, floors can be folded quickly and put onto carts in the interior hallway upon exiting the gym.
