

WGASC 3/30 Contest @Huntington Beach HS

Rain Plan

- The Student Center can be used for a dry space body warm up. Schedules will be handed out at check-in. Music is allowed.
- Props can be stored in the gym prior to performance but no sooner than 1hr prior to performance time. This space will be manned by HBHS volunteers. Please respect directions as we are trying to ensure all performers have a dry and stress free performance. This window of time will also be included in the check-in information. Props being prestaged will need to enter via the guard exit door between guard performances. Teams choosing not to utilize this space will need to enter props via the guard entrance door at scheduled performance time.
- Teams will enter gym one group prior to performance behind the black gym dividing curtain. At this time, groups can dry off if needed and ready their props. Teams **MUST** be quiet during this time as another team will be performing on the other side of the curtain. This “prestage” time will be included in the check-in information.
- Teams can carry their floors behind the curtain immediately following their performance to load floors on cart. Floors cannot be reopened in this space so please take a moment to explain and practice your exit strategy with your members. Teams **MUST** be quiet during this time as another team will be performing on the other side of the curtain. Props and equipment must immediately exit the gym following performance. Floors will need to exit gym promptly after loading on cart. Doors will only open between performances. Please stay off field next to guard exit/gym. The field is under going repair. Teams can also fold on blacktop.
- Performing members will be allowed to sit on the spectator side of the gym as we will be utilizing the back bleacher space for the rain plan. Performers will be expected to sit in the outermost bleachers. Team duffles/equipment bags will not be allowed in bleachers to allow for a safe seating experience for all. Performing members sitting in the Spectator sections will be asked to move.

Student Center. Tables and Chairs will be removed.
